

How are you Doing?

Now you can know for sure...

Health Screening Special Offer

Cardiovascular disease remains Ireland's biggest killer. Many of its risk factors, such as high cholesterol, have no observable symptoms but are usually preventable.

Regular screening is essential to understanding and lowering your risk factors. That's why, for a limited time, HealthReach are offering a comprehensive screening package at an unbeatable price.

Choose Health. Call Today To Avail Of This Very Special Offer: 01 860 0444

€59
